SKIDOZER

SKIDOZER 252

The smallest of the SKIDOZER line but . . . not to be underestimated. Powerful, rugged, compact, available with gas or diesel engines and choice of 73.6 cm (29") or 104 cm (41") tracks.

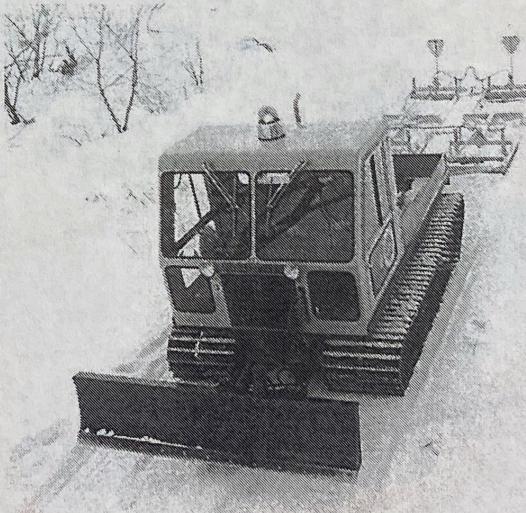

WWW.SAFETYONEINC.COM

6 man cab used as a utility vehicle, etc.

Full cab used as an emergency rescue vehicle, etc.

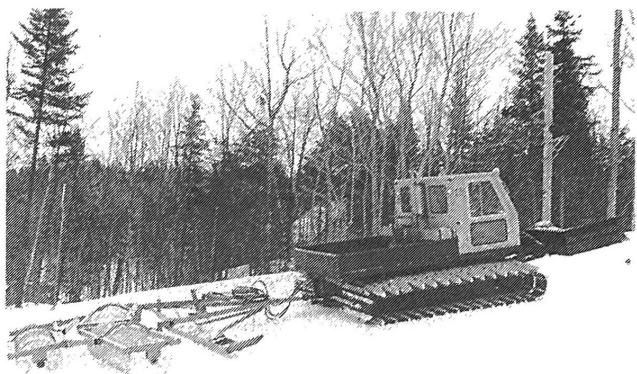

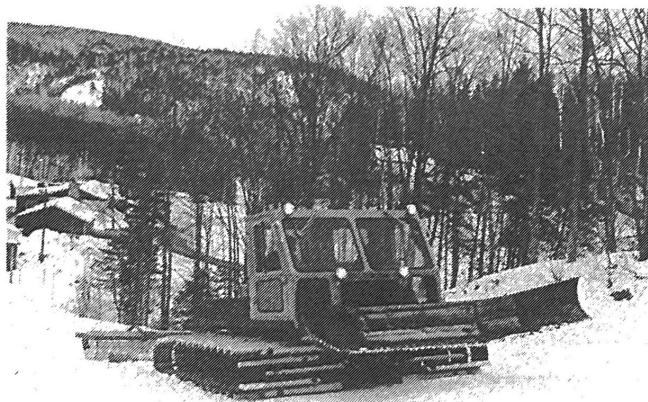

Snowmobile trail grooming vehicle available with 243.8 cm (8') or 254 cm (10') front straight blade. All around good visibility, comfortable and easily manoeuvrable.

SKIDOZER 302

The top of the line . . . more power, more rugged, more comfort. Available with gas or turbo-charged diesel engines.

WWW.SAFETYONEINC.COM

Excellent climbing and pulling ability.

Good speed with a multitude of grooming accessories.

Heavy duty 6-way Bombardier U-blade.

Diesel version. Excellent performance at high altitudes. Large deck space for ancillary equipment.

SKIDOZER 252 & 302

We've shown but the basics . . . customise your SKIDOZER to fit your needs. Ask your salesman for a list of options, such as . . . special cabs, favorite colours, ice caulk, block heater, power steering, 2 speed gear box, etc., etc. . . .
